

CANNA

DESIGN: CUNO FROMMHERZ, 2015

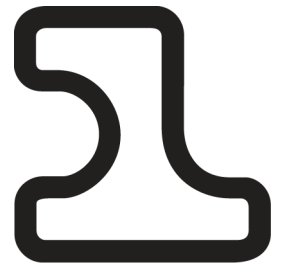

Canna

Canna surprises, confuses, delights. Its unconventional raised rim seems to lift like a wave from the table top, which is supported by delicate chrome legs. This optical interplay gives the table a subtle tension. But Canna also offers sophistication. Choose a distinctive ceramic top to give the table a truly exclusive feel. Or decide on a lacquer or oak veneer surface, allowing you to create wonderful new combinations with your other Leolux products.

Features

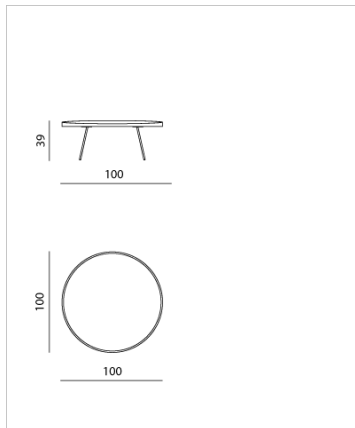

- Canna is finished in two sizes: a higher side table with a round leaf of 40 cm and the low lounge table with a round leaf of 100 cm.
- Available with a ceramic leaf in three colours. The leaves can also be finished in all Leolux lacquers or in oak veneer.
